ART. 2 - ACCEPTANCE OF THE GENERAL RULES AND REGULATIONS

By signing the application form, the Exhibitor commits to use the area allocated, accepting in full the General Rules and Regulations, the Technical Rules and Regulations of BolognaFiere, as well as all the supplementary regulations that the Organiser should, at any given time, set up in the interests of the Event.

The Exhibitor is strictly forbidden to hand over his allocated area - in whole or partially - even free of charge, to others. Failing this, the goods brought into the event and put on show and exhibited without authorisation will be removed from the Event at the risk and expense of the holder of the area.

ART. 3 - LIMITS TO STAND AREAS

It is forbidden to place any stand furnishings outside stand areas.

ART. 4 - REGISTRATION - SUBMISSION OF THE REQUEST OF PARTICIPATION AND PAYMENT OF THE DEPOSIT

ART. 5 - RIGHT OF WITHDRAWAL

The Exhibitor has the right of withdrawal from this contract. Said right must be carried out by and no later than 30 days from the beginning date of the Event, by means of a registered letter sent to A151 Srl, Via Gramsci, 57 20032 Cormano, Milano, Italy. The Exhibitor's right of withdrawal legitimises the Organiser to withhold, together with the registration fees if foreseen, the amount (deposit) foreseen on presentation of the request of participation in the Event, as penitential deposit. The Exhibitor who fails to exercise said right of withdrawal within the 30-day limit from the beginning of the Event, will be obliged to pay the entire amount foreseen as registration fee as per Article 9/A of these General Rules and Regulations.

ART. 6 - PENALTY CLAUSE

The Exhibitor who renounces in taking part in the Event, whose withdrawal is received by the Organiser after the 30-day limit from the beginning of the Event, will not be entitled to any reimbursement of the amount paid on requesting participation, and will be obliged to pay the

entire amount foreseen for participation in the Event, as per Article 1382 of the Civil Code. Moreover, the Organiser will also have the right to take legal action to obtain compensation regarding damages caused by said delayed withdrawal. In any case, the Organiser will have the right to allocate the area previously assigned to the withdrawing company to another Exhibitor.

ART. 7 - STAND ALLOCATION

Stand allocation is the sole discretion of the Organisers. Any particular indications or requests made by the Exhibitor are to be considered as merely indicative, may not restrict or influence requests of participation, and are therefore considered as not part of the official request. Moreover, the Organisers will have the right to change position and reduce in size areas already allocated, or to move them to a different stand area, without entitling the Exhibitor to any indemnity or compensation. The Organisers must, in any case, inform the Exhibitor regarding changes in writing (by fax or other means) sent at least 20 days before the beginning of the Event. The Organisers reserve the right to allocate areas not indicated on the floor plan. No reimbursement, discounts or compensation may be requested if the stand area allocated includes columns, other structures or safety and fire extinguishing equipment, as these are structural parts of the halls.

Art. 7/A - DELIVERY OF STANDS

Stands will be made available to the Exhibitor by the deadline specified in the "Technical Regulations". The furnishing of stands must be completed by the date indicated in the "Technical Regulations": otherwise, the contract may be terminated due to the participant's default in the same manner and with the same consequences referred to in Art. 6.

Admission to Bologna Exhibition Centre is subject to prior accreditation of data on the website <https://pass.bolognafiere.it/omnia>. Each Exhibitor will be sent a password to enter the reserved area for accreditation. This password must be used to submit details of fitters and supplier companies, personnel and vehicles that will enter the Exhibition centre. The Exhibitor is responsible for ensuring that the companies carrying out work in the Exhibition centre on its behalf meet the necessary requirements. BolognaFiere may establish special rules of access to the Trade Fair Centre during setup, also in compliance with occupational safety regulations, and also restrict vehicle access and/or apply charges to vehicles parked outside designated spaces and/or exceeding the Organiser's parking time limit. In particular, if motor vehicles or other forms of transport are left inside the Trade Fair Centre for more than two hours, the Exhibitor whose password has been used to register the vehicle may be charged the sum of € 500.00.

ART. 7/B - SET-UP

Stand set-up must remain within the area of the stand, with heights that must not exceed the maximum height indicated by the Technical Rules and Regulations. Any structures exceeding the maximum height indicated by the Technical Rules and Regulations must be approved by the Organisers and BolognaFiere by the date indicated in the "Technical Regulations". The construction of platforms of more than 30 cm in height is forbidden.

Stand installations are classified as either Standard or Non-Standard, regardless of surface area, and their specifications are set out in detail in the Technical Regulations that form an integral part of these regulations, and which the Exhibitor accepts in full.

Stand construction and relative equipment must be carried out as state-of-the-art, in compliance with safety, fire prevention, and disabled access regulations. The same rights and regulations are valid for stand areas, installations, pavilions and constructions in outdoor areas.

Failure to submit the declarations and documents foreseen by the General and Fair Rules and Regulations to the Organisers regarding the responsibility of construction, electrical installations and, in particular, those regarding fire prevention, will authorize the Organiser to close stands and to take the most appropriate measures to ensure safety conditions, notwithstanding civil or criminal liability of the Exhibitor.

The Organiser reserves the right to make changes to fittings and fixtures not conform to the above mentioned indications and guidelines. Responsibility for the stability of the stands, execution of the systems and possible damage that may be caused to people or property of the Organisation or third parties, will be the exclusive responsibility of the Exhibitor.

Failure to follow the Rules and Regulations and, in particular, those regarding fire prevention, will authorize the Organiser to take precautionary measures against

companies not compliant to fire prevention rules and regulations, which may result in the application of supplementary measures to the overall safety conditions, with relative costs calculated at not less than EUR 60.00 per sq.m., or to the partial or total removal of the stand, along with the declaration of lack of safety of the same stand. Failure to follow the safety rules and regulations may lead to prosecution.

ART. 8 - HANDING BACK OF STANDS

At the end of the Exhibition, but not before, the Exhibitors will remove all products and materials they have installed and, after obtaining an exit voucher from the Organiser, will remove said products and materials from the Exhibition Centre. Stands must be completely emptied by the date specified in the "Technical Regulations". The Exhibitor is required to hand back the stand in the same condition in which it was received.

During all phases of the event, it is forbidden to leave waste and/or waste materials in the Exhibition areas and in the Exhibition Centre. Waste and materials left over from set up work shall be disposed of by the Exhibitor and/or its appointed agents and hall aisles must be kept clear of any such materials or other obstructions. As provided for by the laws regarding environmental protection, Exhibitors are obliged to declare how they intend to treat said waste by mandatory filling in of the Exhibition forms. Failure to comply with dismantling times and/or delays in clearing the area grants BolognaFiere the Exhibitor's irrevocable permission for to attend to such matters, considering anything left in the booth to be waste bound for landfill sites, while the Exhibitor shall be required to reimburse all direct and indirect expenses incurred for the clear-up work, currently starting at a minimum of € 300.00 per 16.00 sq.m. of surface area, without prejudice to the right to claim compensation for any additional loss.

The voucher, which will not be issued to Exhibitors who have not settled any direct or indirect debt towards the Organizer, will not constitute receipt of payment of the amounts due for participation in the Exhibition, and will be valid only for the vehicle indicated on the voucher itself. The participant expressly authorises the Organiser to check that there are no products or materials other than those installed on the stand and listed on the exit voucher in the Exhibitor's and/or its representatives' vehicle or baggage leaving the Exhibition Centre, and further authorises the Organiser not to allow any products and materials not listed on the exit voucher to leave the Exhibition Centre. The Organiser may not be held responsible for goods, materials and anything else left unattended by the Exhibitor in the Exhibition Centre.

ART. 9 - ENTRANCE - PASSES

Entrance to the Event will be on invitation only. The Exhibitor, their personnel, guests and those entitled, will be issued with special passes to enter the Event, which must be picked up at the office/desk of the Organiser inside the pavilion.

It is understood that the methods of access, technical provisions, set-up and dismantling of stands and, in general, the execution of the Exhibition, may be subject to changes and/or revisions as a result of regulatory provisions that may intervene regarding trade shows, due to the ongoing health emergency connected to Covid-19.

The Organiser will issue an invoice for the amount due for participation in the Exhibition on the basis of the assigned exhibition spaces, to be paid within the deadline indicated in the invoice itself. Exhibitors who have not paid the balance of the participation fee will not be allowed access to the Exhibition. In the absence of the above payment, the Organiser has the right to consider the participation contract terminated without the need for a warning or a ruling by the Judge, but simply by notifying the interested party. The Organiser will, in this case, be released from any commitment, having the right to assign the exhibition area to other applicants, along with the right to confiscate the sums already received and, in any case, to full payment, as a penalty, as well as any other contractual consideration, deducted any amount already received for such rights, without prejudice to any right to compensation for any additional damages.

ART. 9/B - VAT GUIDELINES

With regards to per VAT guidelines, international companies (not including private citizens), resident both in and outside of the European Union, are no longer subject to the payment of Italian VAT (IVA) with regards to services connected to participation in trade fairs (areas and connected services) as of 1 January 2012. ART. 10 - EXHIBITORS CATALOGUE

The Organiser will, without any responsibility, prepare an Exhibitors' Catalogue (in printed or on line format), which will be published by the starting date of the Event. This publication will include indications regarding applications received and accepted up to 30 days before the beginning of the Event, and will contain data taken from "the application form". The publication of this above mentioned data and information is free of charge. The Exhibitor may add, on payment of a surcharge - and approved by the Organiser with regards to product breakdown - additional technical or advertising information, to be agreed.

ART. 11 - SURVEILLANCE AGAINST THEFT - LIABILITY FOR THEFT AND DAMAGES - EXEMPTION FROM LIABILITY FOR BOLOGNAFIERE - INDEMNITY CLAUSE

During the opening times of the event, the Exhibitor must monitor his own stand either directly or by means of his own personnel. The Exhibitor is required to supervise his stand and Exhibition area with his own personnel during the entire Exhibition period. The Exhibitor is the only supervisor of all materials, goods, and furniture at his stand and Exhibition area during the entire Exhibition period (including set-up and disassembly). As supervisors of his stand and Exhibition area, the Exhibitor is required to compensate the Organiser and BolognaFiere - substantively and legally - against all losses, damage, liability, costs or expenses, including legal fees, deriving from the Exhibitor's use of his stand and assigned Exhibition area. BolognaFiere provides a general day and night surveillance service inside the Exhibition Centre for the entire duration of the Exhibition, as well as for stand set-up and dismantling periods, and therefore, may not - along with the Organiser - be held responsible for theft and/or damage that may be sustained by the Exhibitor. The Exhibitor shall also be responsible towards BolognaFiere for all damage, be it direct or indirect, which for any reason is attributable to said Exhibitor or to the staff working for him (including damage caused by furnishings or by systems set up either directly or by third parties engaged by him, even if they have been inspected by BolognaFiere).

ART. 12 - INSURANCE - RELEASE, ASSUMPTION AND LIMITATIONS OF LIABILITY

The Exhibitor shall benefit from the following insurance policies taken out by BolognaFiere:

a) All Risks coverage (including fire and theft) for direct physical damage to furniture, fittings, equipment and goods on the stand, excluding cash, valuables, jewellery and the like, and excluding the software installed on computers and excluding any coverage for loss of use of the furniture, fittings, equipment and goods during the Exhibition period: € 40,000.00 full first loss coverage (including fire and theft), with absolute excess of € 300.00 per claim, increased to € 600.00 for damages sustained after conclusion of the Exhibition.

b) Third party Liability coverage, including fire damage: single limit € 50,000,000.00;

c) Exhibitor Employees Liability coverage: single limit per claim of € 3,000,000.00 with limit of € 2,000,000.00 per person;

d) The Exhibitor and BolognaFiere waive the right to claims made against the Event's insurance company. The above-listed insurance policies are governed by the conditions and limitations which the Exhibitor may request from the Organiser, and which will be specified on the form contained in the insurance policy contract. These insurance policies do not release the Exhibitor from liability in respect of risks which, according to the independent assessment of the Exhibitors, are not covered, or which exceed the limits of coverage, as set out above. The Exhibitor must take out such supplementary coverage as he deems appropriate. In particular, and due to the existence of a video surveillance system in the halls, the Exhibitor acknowledges the fact that, in the case of theft, the relative report to the Public Authority must be received by the insurer within seven days from the conclusion of the event, and that failure to comply with this deadline may result in the loss of the right to compensation. The Insurance Company will also handle claims and settlements at the end of the Exhibition. In any event, the Exhibitor hereby undertakes to include a clause in the supplementary insurance coverage in which the insurer waives any action of recourse or redress against the Exhibitor and BolognaFiere and, in default, shall indemnify them from any action that may be brought against them. Having taken note of the foregoing, the Exhibitor nevertheless (on his own account, as well as for his agents, employees or assistants) expressly exempts both BolognaFiere and the Organiser from any liability for loss or damage that should occur in the Exhibition area assigned to him, during the installation or dismantling of the area assigned to him, and in respect of anything located therein, accepting sole liability for any damage caused to third parties by the management of the Exhibition area or by anything therein, and which is not covered in the terms or manner indicated above or by additional insurance cover taken out by the Exhibitor. BolognaFiere and the Organiser will accept no liability for consequential damages, damage to image, loss of revenues, etc.. As regards direct damages, the Exhibitor accepts that the liability of BolognaFiere is limited to the insurance limits as stated above.

ART. 13 - COMPLAINTS

Any complaints regarding the organisation and production of the Exhibition must be immediately reported to the Organiser in writing, and, in all cases, no later than seven days after the conclusion of the Exhibition. Any complaints received after such deadline will not be deemed subject of dispute by the Organiser.

ART. 14 - INTELLECTUAL PROPERTY

Both the products and goods displayed and the stands housing them cannot be photographed, drawn or reproduced in any way without the authorisation of the respective Exhibitors and the Organiser. BolognaFiere and the Organiser nevertheless reserve the right to film, reproduce, distribute and to authorise the filming, reproduction and distributing of general and detailed external and internal views, and may permit their sale or even sell them directly.

ART. 15 - TEMPORARY IMPORTATION

The temporary import of foreign merchandise or goods (such as samples) for display at the Exhibition must take place - at the Exhibitor's expense - through BolognaFiere's official carrier according to the procedures set out in the "Technical Regulations of the Exhibition", with exemption of all liability for such official carrier, also with regards to BolognaFiere and the Organiser.

ART. 16 - DISPLAY OF PREFABRICATED STRUCTURES, CRANES, SCAFFOLDING, ETC. AND DISPLAY OF MACHINERY IN OPERATION

The Exhibitor also pledges to scrupulously observe BolognaFiere's instructions during the entire stay on the Bologna Fairgrounds regarding the display of prefabricated structures, tower cranes, self-erecting cranes and other similar cranes, scaffolding, temporary reinforcement and scaffolding in general, in addition to fully and strictly observing all regulations in terms of safety, legislation, standards, good practices, as well as those based on experience and prudence. Machines on display may not be operated unless written permission has been received from the Operations Division of BolognaFiere, and provided such operation does not cause danger or disturbance. In this case, machines must be equipped with devices to prevent accidents, noise, bad smells, and the emission of gas and liquids. Machine with internal combustion engines, or requiring the use of fuels or gas cylinders, may not be operated in the halls. All machines must comply with safety laws, regulations, and standards of good practice, and must be accompanied by the administrative documents issued by competent authorities. The Exhibitor will assume all civil and criminal liability for any injuries and/or damage to third

parties caused by the non-observance and violation of such regulations and/or instructions. BolognaFiere has the right to remove, or have removed from the Exhibition Centre, any structures that do not conform to the provisions referred to above.

ART. 17 - TECHNICAL SERVICES

BolognaFiere will supply the Exhibitor with electrical energy for lighting and for driving force, connection to the water mains, and compressed air, at the Exhibitor's request, and in accordance to the terms of the "Technical Regulations". BolognaFiere also reserves the right to supply, or to outsource or grant on an exclusive basis, any service it deems useful for Exhibitors, defining the methods of use for the same. Specifically:

- connections and disconnections between the electrical installation or water system set up by the Exhibitors and the junction box and water supply points, respectively, may be carried out only by the firms authorised to do so by BolognaFiere; such companies will verify compliance with the instructions contained in the "Technical Regulations".

- Stand cleaning shall be carried out by BolognaFiere, from the last day of the furnishing period and for the entire period of the Exhibition.

- Telephone equipment may be connected and disconnected only by the company authorised by BolognaFiere.

- Exhibitors must use exclusively BolognaFiere's official forwarder for all portage, transport, loading and unloading operations.

- Access to the halls is permitted only to electrical vehicles. The Exhibitor understands that the "services" (either managed directly by BolognaFiere or outsourced or granted on an exclusive basis) ensure good performance under conditions of normal use of such services, and in all cases exempts BolognaFiere, the contractors, and providers of such services from any and all liability due to any irregularity in the performance of such services.

ART. 18 - PRINTED LITERATURE AND ON-LINE INFORMATION

The Organiser reserves the right to publish the Catalogue and distribute the information (also in summary or abbreviated format) contained in the Application Form regarding the Exhibitors and the products and/or services they are presenting, or regarding anything else exhibited or presented, using the means and techniques of communication (printed matter, CD-ROM, Internet, etc.) it deems most appropriate, without any responsibility for omissions, errors or malfunctioning. The information contained in the Catalogue will refer to application forms received and approved up to 30 days before the opening of the Exhibition, without prejudice to the Organiser's right to change the allocation of the stands. The above also applies to the contents of other information forms signed by the Exhibitor or by its agent, and provided to the Organiser (including via computer). The Organiser reserves the right to provide, on the internet homepage, areas reserved for each individual Exhibitor, to which the Exhibitor himself can gain access by his personal password and username to put online, send or modify information relating to his own business. The Exhibitor will have exclusive responsibility for the content of the area reserved for him and for the correct use of the password and the username allocated to him by the Organiser including by third parties.

ART. 19 - PAID ADVERTISING

Any and all forms of publicity or advertising outside the assigned Exhibition area, must be carried out through the Organiser or through the companies appointed for this purpose by BolognaFiere. Such advertising will be subject to the payment of a fee and associated tax charges.

ART. 20 - CAR PARKS

The Exhibitor parking areas will, for safety reasons, be accessible only for private cars with a special badge issued by the Organiser (therefore excluding all different vehicles such as commercial vehicles, trucks, etc. ...), with parking permitted only in the appropriate spaces and only during the opening hours of the Exhibition Centre. Commercial vehicles and lorries of any kind must not, for any reason, stop inside the Exhibition Centre, even for short periods. It is also strictly forbidden to unload goods from cars outside the allowed spaces and after the closing time of the Exhibition Centre. In the event of failure to comply with these provisions, the Organiser and BolognaFiere may take steps to obtain the forced removal of the vehicle from the car park or the affixing of mechanical means inhibiting its use, at the risk and expense of the Exhibitor to whom the badge has been issued, and the owner of the vehicle, who shall remain jointly and severally liable with the Exhibitor for the relevant expenses. BolognaFiere or the Organiser reserve the right to not admit Exhibitors or his representatives who have not respected the prohibitions described above to the

RULES AND REGULATIONS OF THE EVENT REFRIGERA 2021

next edition of the event. All occupants of the vehicle must have a valid ID document for admission to the Exhibition Centre. The car parks are unattended and, therefore, the Organiser and BolognaFiere may not be held responsible for the security of vehicles and will accept no liability for damage or theft of any kind.

ART. 21 - SPECIAL PROHIBITIONS

It is expressly forbidden for Exhibitors to:

- carry out sales involving on-the-spot delivery of goods to buyers, except Technical Press;
- give up or exchange in total or part of their stands;
- exhibit prices, except in those areas where BolognaFiere allows it;
- display products that do not belong to the marketing designation of the stand as it appears on the Exhibitor's application;
- display cards or samples, even those of a purely indicative nature, for firms not listed on the application form and not represented;
- engage in any form of advertising outside their own stand and in the Exhibition Centre. Exhibitors may distribute advertising material only inside their own Exhibition area;
- use own forklifts and lifting devices in the Exhibition Centre;
- use, for any purpose whatsoever, remote controlled devices including drones, in the Exhibition Centre (APR). Exceptions must be requested from the BolognaFiere Operations Department, which reserves the right to evaluate, within the scope of the provisions of current legislation, the possibility of use in accordance with methods and procedures to be agreed;
- perform shows or any kind of entertainment, even if within the stand area, or aimed at presenting products, without prior authorisation from BolognaFiere Management. Moreover, it is exclusive competence of the Exhibitor to obtain authorisations from the health and public safety authorities and, in general, from the bodies in charge, for the above mentioned initiatives, if and as requested;
- broadcast live and recorded music through the use of devices for the reproduction of music and sound. Exceptions may be authorised in writing only by BolognaFiere, on condition that the Exhibitor does not cause any disturbance and has complied with the legal obligations for payment of the relevant taxes;
- carry out any form of unfair competition between or among participants in the Exhibition. The Exhibitor therefore accepts all the initiatives that BolognaFiere may undertake to ensure the immediate halt of any possible forms of unfair competition or to protect and safeguard the other Exhibitors and BolognaFiere itself, to ensure correct execution of the Exhibition.

The technical prohibitions issued for reasons of safety, health, pollution in general, for persons and property, and to prevent tampering with the property and assets of the Exhibition Centre, as well as the instructions contained in the "Technical Regulations and Various Forms booklet," are an integral part of these General Terms and Conditions, and the Exhibitor undertakes to observe them scrupulously. Exceptions may be issued, in writing only, by the Operations Division of BolognaFiere. In the event of disregard of even one of the prohibitions specified above, or of those referred to in this Article, BolognaFiere may apply the sanctions provided in the "Technical Regulations" and/or terminate the contract for participation in the Exhibition without recourse to legal action, but simply by means of written notice to the Exhibitor at his stand. This will entail the immediate closing of the stand and withdrawal of documents to access the Exhibition Centre, without prejudice to the sums due from the Exhibitor.

ART. 22 - POSTPONEMENT, REDUCTION OR SUSPENSION OF THE EVENT

The Organiser has the discretionary and unquestionable right to make changes to the dates of the Exhibition, without the Exhibitor having the right to withdraw or otherwise terminate the contract and free himself from the commitments undertaken. The Organiser may also reduce the duration of the Exhibition, cancel it in whole or in part, without being required to pay compensation, penalties or damages. In this case, the Organiser must inform Exhibitors with regards to the changes implemented, by written communication: by registered letter, e-mail, fax, telegram, to be sent at least 10 days before the scheduled date of the start of the Event.

ART. 22/A - FORCE MAJEURE

Force Majeure constitutes the occurrence of an event or circumstance ("Force Majeure Event") that prevents the fulfilment of one or more contractual obligations, if and to the extent that the following is proven:

- a) that the impediment is beyond reasonable control;

b) that it could not have reasonably been foreseen when the contract was concluded; and

c) that the effects of the impediment could not have been reasonably avoided or overcome.

The conditions referred to in points (a) and (b) are to be considered fulfilled, unless proven otherwise, in the presence of the following events: war (declared or not), invasions, acts of foreign enemies, extensive military mobilisation on national or international territory; civil wars, riots, rebellions and/or revolutions, uprisings, acts of terrorism, sabotage or piracy; embargoes; the necessity to comply with governmental laws or orders, expropriation, requisition, nationalisation; plague, epidemics, natural calamities or extreme natural events in general; explosions, fires, destruction of equipment, prolonged disruption of transport, telecommunications, information system or energy; boycotts, strikes and lockouts, occupation of the premises.

The Organiser will be exempt from the obligation to fulfil its contractual commitments, and from any liability for damages or solution due to breach of contract in the event that Force Majeure Events should occur, starting from the moment in which the impediment prevents fulfilment, provided that the other party is notified without delay. In the absence of timely communication, the exemption will take effect from the moment the communication reaches the other party. The other party may suspend the fulfilment of its obligations from the date of communication.

Should the Fair need to be postponed due to a Force Majeure Event, the Organiser will keep the amounts already received (i.e. registration fees and any other advance payments), which can be used by the Exhibitor - without any guarantee regarding changes in rates - for participation in the event on the new dates.

Should the event need to be cancelled due to a Force Majeure Event, the Organiser reserves the right to withhold only the registration fee paid by exhibitors by way of reimbursement of organisation expenses, providing for the refund of the remaining sums collected without Exhibitors having the possibility to claim compensation from the Organiser for any reason.
